Hardy "Mums"
Daylilies
Siberian Iris
Echinops

Wholesale 1959

Because of reorganization of our space (the city is moving in on us), we did not plant as many mums last year as usual. So there are many varieties we do not have enough of to list. If there is some old favorite that you miss from the list, please inquire, as we may still have as many as you need -- or some anyway.

TERMS: Cash, or 50% cash, balance C.O.D. Please send 50¢ for packing if order is under \$5.00. Plants shipped by express collect. Small orders can be shipped by parcel Post if postage is included; any amount in excess will be refunded. You may order 25 of one variety at the 100 rate.

Prices are for strong, outdoor-grown rooted division. All stock offered subject to prior sale, and crop conditions. Shipping will start as soon as weather permits. Usually the last of March or early April, and continues through June. Orders will be shipped as near as possible to the time wanted. Our field divisions are from plants carefully watched and rogued through the bloom season for anything not true to name or up to standard in appearance. We strive to send out healthy, true-to-name division, also to rectify, so far as possible, any errors.

The first letter after the name denotes the type of flower: D, double; SD, semi-double; S, Single. The second letter pertains to bloom season: VE, early September or late August; E, before Oct. 1; M, Oct. 1 to 15; L, Oct. 15 on. Dates are only approximate, as weather, time of planting, moisture, and amount of sunshine can all make a difference in the time of bloom.

* Denotes varieties listed for the first time.

Hardy "Mums"

	Per 10	100
ADMIRAL, D-ML. Tall, lovely deep rose-red	\$1.00	\$6.00

PINK CUSHION, D-E. Early blooming soft pink	.75	4.00

The first part of the document discusses the importance of maintaining accurate records of all transactions. It emphasizes that every entry, no matter how small, should be carefully documented to ensure the integrity of the financial data. This includes recording dates, amounts, and the nature of the transactions.

Secondly, the document highlights the need for regular reconciliation. By comparing internal records with external statements, discrepancies can be identified and corrected promptly. This process helps in maintaining the accuracy of the accounts and prevents errors from accumulating over time.

Furthermore, the document stresses the importance of transparency and accountability. All financial activities should be clearly documented and accessible to the relevant stakeholders. This not only builds trust but also facilitates the review and audit process.

In conclusion, the document provides a comprehensive overview of the key principles governing financial record-keeping. It serves as a guide for ensuring that all financial transactions are properly recorded, reconciled, and reported, thereby contributing to the overall financial health and stability of the organization.

	Per 10	100

Echinops Taplow Blue

This is an outstanding Globe Thistle. Globes are larger, and of a blue much deeper in color than the ordinary echinops ritro. It blooms on stalks about $3\frac{1}{2}$ feet tall in July, and if cut back when through blooming, it will flower again in September on shorter stems. Very effective in the garden, and a long-lasting cut flower. Strong divisions from the field, 10 for \$2.00; 100 for \$15.00.

Small orders may be shipped by parcel post if postage is included; any amount in excess will be refunded.
